TEXTILES

Invited to present your work in
International Academic Conference

22-23 February 2024

It is an experiment in using reactive dyes in making batik fabric with compounds that create free patterns on the fabric. In order to get a prototype pattern. Then bring it forward to create work "Overlap of Shape" and convey ideas through free form movement, overlap, repetition to creating patterns and dimensions. Used to create patterns and fabric textures with other techniques that reflect the freedom of shape in interesting dimensions.
