

The Pure and Applied Chemistry International Conference 2020

“Chemistry for Catalyzing Sustainability and Prosperity”

February 13th – 14th, 2020 in Bangkok, THAILAND

Date: December 12, 2019

Subject: Acceptance of Abstract for PACCON 2020

Dear Dr. songyot premjit,

I am pleased to inform you that your abstract entitled "An Environmental Friendly Electrode Based on Pyridine-Imidazole Modified Glassy Carbon Electrode for Anodic Stripping Voltammetry of Copper Detection" has been accepted for poster presentation at the Pure and Applied Chemistry International Conference 2020 (PACCON 2020), which will be held at IMPACT Forum, Muangthong Thani, Bangkok, Thailand, during February 13 to 14, 2020. Your accepted abstract will be published in the on-line abstract book of the conference.

Having your abstract accepted, you may optionally submit a full paper for further review. Please go to <https://www.paccon2020.com/submission> for details of the full paper submission. The deadline for the full paper submission is **January 31, 2020**. Please note that acceptance of the abstract does not guarantee acceptance of the full paper.

If you have any further inquiries, please do not hesitate to contact us at paccon2020@sci.tu.ac.th.

Yours sincerely,

Dr. Siriwit Buajarern

Chairperson of PACCON 2020
