A study on fractional differential equations using the fractional Fourier transform

... In this perspective, the φ -Hilfer derivative was defined in [11]. For more relevant applications concerning φ -Hilfer derivative, we refer the reader to [12][13][14][15][16][17][18][19][20][21][22][23][24][25][26][27]. ...

Applications of new contraction mappings on existence and uniqueness results for implicit φ -Hilfer fractional pantograph differential equations
