## About this journal

---

### Aims and scope

***Journal of China Tourism Research (JCTR)*** is the official journal of the International Association of China Tourism Studies (IACTS) and is now indexed in the Emerging Sources Citation Index (ESCI)!

**JCTR** is a truly international journal that publishes the latest research on tourism (all articles printed in English with Chinese abstracts) that relates to China and the Chinese. It provides a rich forum for exchange of fresh information and ideas among academics and practitioners; fosters and enhances cutting-edge research activities that advance the knowledge of tourism; and discusses the relevance of tourism to Chinese society. The journal encourages interdisciplinary scholarship and commentaries, aims at the highest intellectual level, and only

### [Aims and scope](#)

### [Peer Review Integrity](#)

#### [Journal metrics](#)

All submitted manuscripts are subject to initial appraisal by the Editor, and, if found suitable for further consideration, to peer review by independent, anonymous expert referees. All peer review is double anonymized and submission is online via ScholarOne Manuscripts.

#### [Editorial board](#)

#### [Abstracting and indexing](#)

### [Open access](#)

## Abstracting and indexing

**Abstracted/indexed in:** CAB Abstracts; CIRET- Centre International de Recherches et d Etudes Touristiques; EBSCOhost Online Research Databases; Elsevier Scopus; Emerging Sources Citation Index (ESCI); International Bibliography of Periodical Literature on the Humanities & Social Sciences (IBZ); Institute for Tourism; NewJour; and Worldwide Hospitality & Tourism Trends Database.

## Open access

Journal of China Tourism Research is a hybrid open access journal that is part of our [Open Select](#) publishing program, giving you the option to publish open access. Publishing open

access means that your article will be free to access online immediately on publication, increasing the visibility, readership, and impact of your research.

## Why choose open access?

**Increase the discoverability** and readership of your article

### Aims and scope

Journal metrics

**Freely share your work** with anyone, anywhere

Editorial board

**Comply with funding mandates** and meet the requirements of your institution,

employer or funder

Abstracting and indexing

**Rigorous peer review** for every open access article

Open access

## Article Publishing Charges (APC)

News and calls for papers

If you choose to publish open access in this journal you may be asked to pay an Article Publishing Charge (APC). You may be able to publish your article at no cost to yourself or with a reduced APC if your institution or research funder has an [open access agreement or membership](#) with Taylor & Francis.

If you choose not to publish Open Access in this journal, there is no Article Publishing Charge (APC).
