

IPITEX

2026 Bangkok International Intellectual Property,
Invention, Innovation and Technology Exposition

Hosted by National Research Council of Thailand (NRCT)
Ministry of Higher Education, Science, Research and Innovation

General Information

On 14 August 2001, the National Research Council of Thailand (NRCT) was assigned as the leading agency to coordinate with government agencies and the private sector in organizing activities related to invention and innovation promotion. Since then, platforms have been provided for Thai and international inventors to exhibit and promote their inventions, new products, and innovative techniques, as well as to exchange knowledge and experiences, leading to effective commercialization and strengthened cooperation in research, invention, and innovation.

As part of these initiatives, an international exhibition known as the Bangkok International Intellectual Property, Invention, Innovation and Technology Exposition (IPITEx) has been established to showcase the potential and outstanding inventions and innovations of international inventors and organizations. IPITEx is held annually and serves as a platform to foster collaboration between Thai and international inventors and organizations.

Program

No.	Activity	Date/Time	Venue
1.	Booth set-up	4 January 2026 (13.00 – 18.00 hrs.)	Event Hall 104
