

About the Journal

Academica Turistica - Tourism and Innovation Journal (AT-TIJ) is a peer-reviewed journal that provides a forum for the dissemination of knowledge on tourism. It especially welcomes contributions focusing on innovation in tourism and adaptation of innovations from other fields in tourism settings.

The journal welcomes both theoretical and applicative contributions and encourages authors to use various quantitative and qualitative research methodologies. Besides research articles, the journal also publishes research notes and reviews of books. Purely descriptive manuscripts which do not contribute to the development of knowledge are not considered suitable.
